SUPPORTING AFFORDABLE HIGHER EDUCATION AND LOWER STUDENT DEBT

1 WHEREAS, as student debt has continued to climb, it is clear there is an immediate need for
2 action to ensure higher education remain an affordable option for students both during their college years
3 and during their repayment period; and
4

5 WHEREAS, according to the New York Federal Reserve, total student debt nationwide has
6 tripled in the past decade and now exceeds all credit card debt in the United States. Research done by
7 One Wisconsin Institute shows that nearly thirty percent of households in the state are currently paying a
8 student loan. Current policies prevent borrowers from being able to refinance to take advantage of low
9 interest rates and make it nearly impossible to discharge student loans through bankruptcy; and
10

11 WHEREAS, the growing student debt burden has direct impacts on our state and local economy.
12 Residents with student loan debt were more likely to forego the purchase of a new vehicle and more likely
13 to rent rather than own a home. Funds tied to student loan payments are not available for discretionary
14 spending at local businesses, stalling the engine of our local economy; and
15

16 WHEREAS, in addition to borrowing, we recognize that need-based aid such as the Pell grant is
17 essential to many students' ability to afford a college education. The federal government must find ways
18 to strengthen and sustain this aid if education is to continue to be a path to greater equality in our
19 community and an opportunity to ensure that every individual, regardless of socioeconomic status, has the
20 opportunity to succeed; and
21

22 WHEREAS, it is important for student borrows to have access to a variety of repayment options
23 in order to best fit their needs and goals. Current repayment options also include a possibility of loan
24 forgiveness after ten years of repayment during employment in public service or with a government
25 employer. As a government employer, we must do our part to ensure employees are aware of this option
26 and potential benefit of employment with Rock County.
27

28 NOW, THEREFORE, BE IT RESOLVED that the Rock County Board of Supervisors, on this
29 11th day of April, 2019, does hereby direct the Department of Human Resources to
30 ensure each employee is notified annually that they may be eligible for public service loan forgiveness of
31 federal direct loans repaid during their employment with Rock County and that the Department of Human
32 Resources is further directed to, upon request for an employee, complete any necessary paperwork to
33 provide proof of employment to those employees who are eligible.
34

35 BE IT FURTHER RESOLVED that the Rock County Board of Supervisors urges Congress to
36 adopt legislation which would allow borrowers to refinance existing student loan debt to address the
37 growing student loan debt crisis.
38

39 BE IT FURTHER RESOLVED that the Rock County Board of Supervisors urges the State
40 Legislature to support the state Higher Ed, Lower Debt bill, which would allow borrowers to refinance
41 loans and create a tax break for state residents actively paying back student loans.
42

43 BE IT FURTHER RESOLVED that the Rock County Board of Supervisors urges state and
44 federal leaders to pursue additional solutions to the student debt burden, including policies that invest in
45 the Pell grant program, reduce interest rates for future loans, and ensure tuition is affordable.
46

47 BE IT FURTHER RESOLVED that the Rock County Board of Supervisors recognizes the State
48 of Wisconsin for its effort in reducing the cost of education in the University of Wisconsin System.

49
50 BE IT FURTHER RESOLVED that the County Clerk be authorized and directed to send a copy
51 of this resolution to Governor Evers, the office of each member of congress representing the citizens of
52 Wisconsin, and the Wisconsin Counties Association.

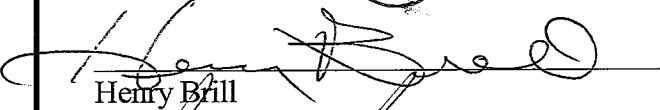

Respectfully submitted:
