

**RESOLUTION 2021-02**

**RESOLUTION SUPPORTING INCREASED FUNDING FOR AGING AND  
DISABILITY RESOURCE CENTERS**

**WHEREAS**, Aging and Disability Resource Centers (ADRC) are the first place to go to get accurate unbiased information on all aspects of life related to aging or living with a disability; and

**WHEREAS**, ADRC services include providing information and assistance, options and benefits counseling, coordinating short-term services, conducting functional screens, and enrollment processing and counseling; and

**WHEREAS**, in Wisconsin, there are currently 34 single-county ADRCs, 12 multi-county/tribal ADRCs, and seven tribal Aging and Disability Resource Specialists that work with an ADRC; and

**WHEREAS**, ADRCs serve the fastest growing demographic of our state's population; and

**WHEREAS**, the funding method for ADRCs has not been revised in more than a decade, and funding for ADRCs has not increased since 2006; and

**WHEREAS**, it has become evident that ADRC funding needs revision for a number of reasons, including:

- The current inequitable distribution of funding among ADRCs.
- The need to increase funding so that all ADRCs may effectively meet their mission, as outlined in the Scope of Services contract addendum; and

**WHEREAS**, the Office for Resource Center Development (ORCD) within the Department of Health Services (DHS) established a stakeholder advisory group in 2017 to discuss ADRC funding; and

**WHEREAS**, the stakeholder advisory group identified a number of issues with the current funding formula, such as:

- Dollars are distributed based on the date of ADRC establishment - older ADRCs (Generation One) receive more funding than ADRCs established at a later date (Generation Two and Three ADRCs);
- The current formula does not take into account elements associated with health and social inequity that require a greater need for ADRC services;
- The current formula does not adjust with need – Wisconsin's aging and disability populations continue to grow and are expected to grow significantly over the next 20 years;
- The current formula does not account for needed cost of living adjustments; and
