

Advisory Resolution Regarding Social Security Numbers on State Form Documents

TO THE HONORABLE BOARD OF SUPERVISORS OF DODGE COUNTY, WISCONSIN,

WHEREAS, counties are arms of the state of Wisconsin providing certain state mandated services and programming on behalf of the state; and,

WHEREAS, to assist counties in delivering state mandated services, the state provides access to state Information Technology databases and systems that allow counties to generate forms and documents to be used by the counties for service delivery; and,

WHEREAS, some forms and documents generated by the state systems automatically include program participant social security numbers at the time the form or document is generated, but allow a function for the counties to manually remove or mask the social security numbers; and,

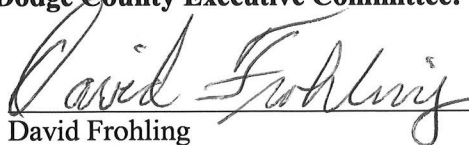

WHEREAS, given the prevalence of identity theft and the possibility of inadvertent disclosure of social security numbers, it is recommended that the state of Wisconsin examine and modify its systems so that social security numbers are not automatically placed on these forms and documents but instead have the forms generated without social security numbers and allow counties to manually add social security numbers, as needed;

NOW, THEREFORE, BE IT RESOLVED, by the Dodge County Board of Supervisors that it recommends that the state of Wisconsin examine and modify its systems so that social security numbers are not automatically placed on forms or documents generated by state systems, but instead have the forms and documents generated without social security numbers and allow counties to manually add social security numbers, as needed; and,

BE IT FINALLY RESOLVED, that the Dodge County Clerk is directed to send a copy of this resolution to Governor Tony Evers, all members of the Wisconsin State Legislature representing Dodge County, and the Wisconsin Counties Association.

All of which is respectfully submitted this 18th day of April, 2023.
